

Bedside-Care[®] EasiCleanse[™]

Now available in an 8-cloth pack for total body bathing

No-rinse body wash, shampoo, and incontinence cleanser in a self-sudsing disposable washcloth.

- Self-sudsing for a pleasant patient experience
- 3 ingredients with no preservatives
- No filmy residue left on skin
- No basin needed, to help avoid the risk of basin-associated contamination

No-rinse, self-sudsing, disposable washcloths

- Only 3 ingredients to minimize potential irritants
- Preservative, dye, latex and alcohol-free
- pH-balanced to help maintain the acid mantle of the skin
- Considered suitable for neonatal use¹

How to use

Full body bathing with an 5- or 8-cloth single-use pack:

1. Open top seal on bag.
2. Add warm water up to blue dotted line, approximately 2-4 ounces.
3. Massage water into washcloths to create suds.
4. Wash one area of the body with each cloth, squeezing cloths to generate suds as needed. Discard used cloths in trash.

If using washcloths from bulk package:

1. Remove the number of required.
2. Without squeezing, moisten each cloth under warm water for 1-2 seconds.
3. Bring the cloths to the bedside on a disposable or reusable towel.
4. Squeeze each cloth for the desired amount of suds.

Shampooing (1-2 cloths):

1. Squeeze the suds out of the cloth and work through the hair.
2. Gently comb hair to remove any tangles.

Perineal Cleansing (2-4 cloths):

1. Remove the stool using the underpad and/or a dry EasiCleanse™ cloth (dry or moist without sudsing).
2. Without squeezing, moisten the remaining cloths under warm water for 1-2 seconds.
3. Bring the cloths to the bedside on a disposable or reusable towel.
4. Squeeze to make suds and clean the perineal area.
