bathing!

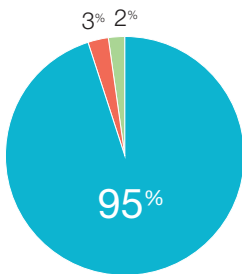

Bedside-Care[®] EasiCleanse[™]

No-Rinse, Self-Sudsing, Disposable Washcloth

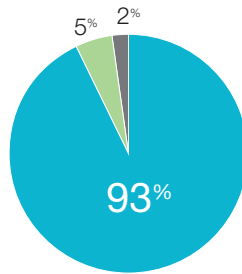

Refer to product labeling for complete instructions including product uses, ingredients, purpose, warnings, precautions and other information.

- Self-sudsing for a satisfactory bathing experience
- 3 ingredients with no preservatives
- No filmy residue left on skin
- No basin needed, eliminating the risk of basin-associated contamination
- Simply add water to the package and squeeze for suds
- Considered suitable for neonatal use³

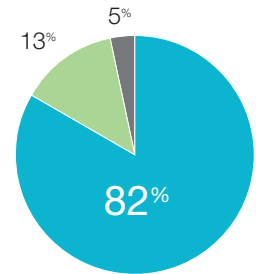

In a recent study¹ of 36 patients and 25 caregivers, comparing Bedside-Care EasiCleanse with basin bathing, it was shown that:

95% of the participants including **100%** of the patients, completely agreed that suds help facilitate a comfortable bathing experience.

98% of the participants completely agreed or agreed that they had a satisfactory bathing experience with EasiCleanse.

95% of the participants completely agreed or agreed that they preferred EasiCleanse.

| Bedside-Care [®] Easi-Cleanse [™] | | |
